

Survey Questionnaire

Title

Student Perceptions of KIU Internship Support Services

Introductory Text

We are conducting a student research project for the Basic Research Methods and Tools course. The purpose of this survey is to understand how KIU undergraduate students perceive KIU's internship support services. The survey should take approximately 5–7 minutes. Participation is voluntary, and responses will be used only for academic purposes and reported in summary form.

Please do not write your name, student ID, email address, phone number, or other identifying information.

Google Forms Branching Setup

1. The consent question is required.
2. If the respondent selects "No, I do not agree to participate," send them to a final thank-you section and submit the form.
3. If the respondent selects "Yes, I agree to participate," continue to the survey.
4. If `used_support` is "Yes," show the support-use and service-evaluation sections (5A).
5. If `used_support` is "No," skip the service-evaluation section and show the non-use reason section (5B).
6. All consenting respondents answer the readiness, improvement priority, and open-ended sections.

Duplicate prevention: the form is set to accept only one response per account. This records no email address in the exported data.
